NOTES.

File. No. 321-07

FILE HEADING

Water-supply to the town of Mudgere.

From

The President of Municipalities, Kadur District

No 124 Dated 26-9-08 Received 4-10-08

Diary No. 2376	Enclos – Spare Copies –	Serial No 3

BRIEF ABSTRACT OF LETTER.

States that the Ex Engr, Kadur Division thinks that the project for the water-supply to the town of Mudgere would cost not less than Rs 15,000/- & that it is not possible to meet this heavy outlay unless the Govt are graciously pleased to sanction at least a moiety of the cost from Provincial Funds.

NOTES AND ORDERS

The subject was discussed at the last Representative Assembly when the Govt promised to bear half the cost and to advance the remaining half as a loan to the Municipality. Extract from the R A. Proys is put up.

Secretary to the Government of the Diploma
the Chairman of Mysore, General
and Revenue Department.

Dated Chikmagalur 21st September 1908

Sir

Adverting to Government order No
7312 / Mud 201 07 2 of the 27th January 1908 for-
warding an extract from the Representation
humbly submitted to H.H. regarding the supply
of water by means of pipes for the Chikmagalur
town I have the honor to state that the
Executive Engineer Kadur Division who
originated the project has given it as
his opinion that the cost of it would be
not

not less than Rs 15,000/- and that it will not be worth while to incur such an enormous cost for a town the population of which is only 1875 The Municipal Board who were consulted in the matter have expressed a desire to raise the amount required for the project as a loan from Provincial Funds A sum of about Rs 5,000/- now remains in the Treasury to the credit of the Municipality Deducting this amount, a further sum of Rs 10,000/- will be required if the project is to be worked out On reference to the sanctioned Budget Estimates of the Municipality, it is found that the annual receipts amount to Rs 1787/- only and that after deducting the usual Establishment and other unavoidable charges, not more than Rs 400/ can be spared annually by the Municipality This will just go to cover the interest on a loan of Rs 10000/- at 4 per cent. so that the Municipality will not be in a position to repay the principal of

of the town at all, if it borrows the above sum.

2. It may be said that the Municipal receipts may be augmented by the imposition of a water tax. But in a small place like Chidambaram, a water tax will be felt as a hardship and it is not likely to bring in any appreciable income.

3. In the above circumstances, it is not possible for the Municipality to meet the cost of any water-supply project on a large scale unless the Government are graciously pleased to sanction at least a moiety of the cost from the Provincial Funds.

I have the honour to be
Sir,
Your most obedient Servant,

G. Hanumantha Rao
For President,
Municipal Boards,
Chidambaram District.

Extract from the Proceedings of the Legislative Representative Assembly of 1908.

Subject No. 25 (Coal - Kadur District).

Summary of representation

Water-supply to Mudgere } Subject No. 307 of 1907. The question of the water-supply to Mudgere may be dealt with and finally disposed of this year, as the matter is very urgent.

Mr Dawood Sahib of Mudgere

Reply of Government

Half the cost of the project will be met by Government and the remaining half will be advanced as a loan to the Muni
